

PART - II

PROFILE OF
SAMPLE
PROJECTS
2007-08

Name of the Project: Desilting/Excavation of village pond
Agricultural & Allied ., (2007-08)

Year of sanction:	2007-08
Sector / Activity	Agricultural & Allied
Location:	Village <i>Chak Amir</i> , Block: <i>Bamial</i>
Cost of the Project:	Rs. 2.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Removal of wild weeds from the ponds by manual labour. The labour are generally employed on muster rolls.
Nature of benefits/Impact :	It had benefitted approx. 500 farmers persons of <i>Chak Amir</i> villiage from flooding due to blockage of water in the village pond. It had also helped in increasing storing capacity of ponds which helped the villagers to have water for their cattles for drinking & bathing.

Name of the Project: Construction of rooms for Govt. primary school
Education sector (2007-08)

Year of sanction: 2007-08

Sector / Activity Education

Location: Village: **Muthi**, Block: **Bamial**

Cost of the Project: Rs.1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: New construction of classroom of size 15'x 20'.

Nature of benefits/Impact : The new classroom provided adequate space for conducting classes in the Primary School where about 100 students from class I to class V study. Students form two villages, viz, *Muthi and Manuwal* studies in this school.

Name of the Project: Construction of room for Govt. primary school
Education sector (2007-08)

Year of sanction: 2007-08

Sector / Activity Education

Location: Village: *Kotli Jawahar*, Block: ***Bamial***

Cost of the Project: Rs.1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of a classroom of the primary school started but has not been completed.

Nature of benefits/Impact : The construction of room is incomplete. Only brick work and roof has been provided and other works like plastering of walls, providing doors & windows and flooring works is yet to be done. It was observed during the field visit that two *chullah* were lying inside the room indicating that room was being used for cooking. The infrastructure created is incomplete and is not being used for the purpose intended for. Junior engineer, panchayat, informed that construction was incomplete because of inadequate funds which indicates poor planning.

Name of the Project: Completion of link road from BOP (171 Bn BSF) Khojkipur to Bamial

Infrastructure sector (2007-08)

Year of sanction:	2007-08
Sector / Activity	Infrastructure sector
Location:	Village <i>Khojkipur</i> , Block: <i>Bamial</i>
Cost of the Project:	Rs.4.27 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	The black top metalled link road has been completed from BOP <i>Khojkipur</i> to <i>Bamial</i> .
Nature of benefits/Impact :	A 10 feet wide black metalled top road has been completed which improved the connectivity of Border Out Post 171 Bn BSF with Bamial. A part of this road was completed with an additional assistance of Rs.3.35 lakh under BADP -2008-09. The road has improved connectivity for BSF officials and for <i>Khojkipur</i> villagers.

Name of the Project: Construction of outway (phirni)

Infrastructure sector (2007-08)

Year of sanction:	2007-08
Sector / Activity	Infrastructure
Location:	Village: <i>Khojki Chak</i> Block: <i>Bamial</i>
Cost of the Project:	Rs. 2.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of CC road/flooring over the outer <i>kutcha</i> path in a ring shape around the village.
Nature of benefits/Impact :	The construction of black top CC road over the <i>kutcha</i> track had benefitted 2000 population of village <i>Khojki Chak</i> for taking their crops to Anaz Mandi besides improving the education, health & general well being of the rural people especially during the rainy weather.

Name of the Project: Provision of Disposal Drain

Infrastructure sector (2007-08)

Year of sanction:	2007-08
Sector / Activity	Infrastructure
Location:	Village: <i>Dhinda</i> , Block <i>Bamial</i>
Cost of the Project:	Rs. 1.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of 1' wide disposal drain from village to outside area.
Nature of benefits/Impact :	It has benefitted 500 persons of <i>Dhinda village</i> for disposal of waste water from their houses to village pond & draining out water during rainy season. It had helped the people for keeping good health & improve the sanitation condition of the village. The drain is being maintained satisfactorily by village gram panchayat.

Name of the Project: Construction of SC Junj Ghar

Social Sector : 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure
Location:	Village: <i>Palah</i> , Block: <i>Bamial</i>
Cost of the Project:	Rs 1.00 Lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	A community centre (20'x25') exclusively for SC community has been constructed.
Nature of benefits/Impact :	On the day of visit it was observed that an SC family is staying in the Jank Ghar (community centre). This family is very poor and do not have house of own, therefore SC community has allowed it to stay for winter seasons. The community centre is utilized for common functions, marriages, etc by the approx 1000 persons of SC community .

Name of the Project: Construction of retaining wall of pond

Agriculture & Allied Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Agriculture & Allied Sector
Location:	Village: <i>Chaniewal</i> , Block: <i>Dera Baba Nanak</i>
Cost of the Project:	Rs 3.00 Lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of retaining wall of village waste water pond. The wall is bifurcating the pond and copped area.
Nature of benefits/Impact :	It has benefitted farmers of Chainewal village by protecting their cropped area from flooding due overflow of water from the waste water pond into the cropping area. This retaining wall is acting as a water barrier for the cropped area and has now additional 2 acres area is under crops It has also helped for disposal of waste water from their houses to village pond with increased capacity It has helped the people for keeping good health & improve the sanitation condition of the village.

Name of the Project: Construction of retaining wall of pond

Agriculture & Allied Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Agriculture & Allied Sector
Location:	Village: <i>Basant Kot</i> , Block: <i>Dera Baba Nanak</i>
Cost of the Project:	Rs 3.00 Lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of retaining wall of village waste water pond and its desilting. The pond is silted up from the sides and corners and have storage only in the middle.
Nature of benefits/Impact :	It has benefitted farmers of <i>Basant Kot</i> village from flooding due to blockage of water in the village pond. It had benefitted 500 persons of <i>Basant Kot</i> for disposal of waste water from their houses to village pond & draining out water during rainy season. It had helped the people for keeping good health & improve the sanitation condition of the village.

Name of the Project: Construction of Govt. Primary School Room

Education Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Education Sector

Location: Village: *Nangal*, Block: *Dera Baba Nanak*

Cost of the Project: Rs.1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: A room has been constructed in the school which is maintained and used by school authorities. It was very difficult to trace the work since there are many villages with the name of *Nangal*. Complete name of village, i.e. *Dalam Nangal* should have been mentioned in the list of works.

Nature of benefits/Impact : The room has been constructed for holding classes of the students in the primary school. The room is also being used by school authorities for other purposes like, using as an office/meeting place. Assets created has benefitted the students and villagers for providing basic education.

Name of the Project: Construction of Mini Public Health Centre Building

Health Sector : 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure

Location: Village: *Dalam*, Block: *Dera Baba Nanak*

Cost of the Project: Rs.5.85 lakh

Implementing Agency PWD (B&R)

Brief description of Project: Construction of Mini Public Health centre in the village.

Nature of benefits/Impact : Apparantly a very good building has been constructed but the same has not been put to use. Public health centre is lying vacant and locked since the dispensary is yet to be shifted to this new building which is still being run from the old premises. The reasons, as gathered during the field visit, are the local politics among the villagers and the influential group wants to run the dispensary from the old premises.

Name of the Project: Construction of link Road in area of BOP *Chanduwadala* under 49 Bn BSF

Infrastructure sector 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure sector

Location: Village: *Chanduwadala* Block: *Dera Baba Nanak*

Cost of the Project: Rs. 3.45 lakh

Implementing Department / Agency: PWD (B&R), Pathankot

Brief description of Project: Construction of road from *Chandu Wadala* to BSF BOP Bn 49 measuring 0.35 Km .

Nature of benefits/Impact : A 10 feet wide village road of 0.35 km has been constructed connecting village *Chandu Wadala* to Border Out Post of 49 Bn of BSF. The balance part of this road was completed during 2008-09 under BADP with assistance of Rs.1.00 lakh. The road has improved connectivity for BSF officials towards BOP and for patrolling and also for the villagers.

Name of the Project: Construction of link Road in area of BOP Metla under 49 Bn BSF

Infrastructure sector 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Metla</i> Block: <i>Dera Baba Nanak</i>
Cost of the Project:	Rs. 9.79 lakh
Implementing Department / Agency:	PWD (B&R), Pathankot
Brief description of Project:	Construction of link road from village <i>Metla</i> to Border Out Post 49 Bn BSF.
Nature of benefits/Impact :	A 10 feet wide village road of 1.0 km has been constructed connecting <i>Metla</i> village to Border Out Post 49 Bn BSF. A part of this road was completed with an additional assistance of Rs.3.35 lakh under BADP -2008-09. The road has improved connectivity for BSF officials and for <i>Metla</i> villagers.

Name of the Project: Construction of ways from village *Sangtuwal* to *Ramal Wali* Road

Infrastructure sector 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Sangtuwal</i> Block: <i>Dera Baba Nanak</i>
Cost of the Project:	Rs. 2.10 lakh
Implementing Department / Agency:	PWD (B&R), Gurdaspur
Brief description of Project:	Construction 8 feet wide brick pavement track form village settlement to main road
Nature of benefits/Impact :	This had benefitted the more than 400 population of village <i>Sangtuwal</i> for taking their crops for marketing besides improving the education, health & general well being of the rural people especially during the rainy weather. This has benefitted the residence of villagers in improving the sanitary condition of the village as well.

Name of the Project: Construction of 4 ways of village deras

Infrastructure sector 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Chainewal* Block: *Dera Baba Nanak*

Cost of the Project: Rs. 6.28 lakh

Implementing Department / Agency: PWD (B&R), Gurdaspur

Brief description of Project: Construction of 8' wide four brick pavement tracks.

Nature of benefits/Impact : The construction of track had benefitted more than 1000 population of persons of village *Chainewal* for taking their crops for marketing besides improving the education, health & general well being of the rural people especially during the rainy weather. This has benefitted the residence of villagers in improving the sanitary condition of the village.

Name of the Project: Construction of 6 ways of village deras

Infrastructure sector 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Dhillwan* Block: *Dera Baba Nanak*

Cost of the Project: Rs. 7.98 lakh

Implementing Department / Agency: PWD (B&R), Gurdaspur

Brief description of Project: Construction of six 8' wide brick pavement track

Nature of benefits/Impact : The construction of these six tracks with brick soling had benefitted more than 1500 population of persons of different *deras* (hamlets) of village *Dhillwan* for taking their crops to *Anaz Mandi* besides improving the education, health & general well being of the rural people especially during the rainy weather.

Name of the Project: Construction of 4 ways of village deras

Infrastructure sector 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Rauwal* Block: *Dera Baba Nanak*

Cost of the Project: Rs. 16.51 lakh

Implementing Department / Agency: PWD (B&R), Gurdaspur

Brief description of Project: Construction of four brick pavement tracks of 8' wide

Nature of benefits/Impact : The construction of brick track had benefitted more than 1000 population of persons of village *Rauwal* for taking their crops for marketing besides improving the education, health & general well being of the rural people especially during the rainy weather. This has benefitted the residence of villagers in improving the sanitary condition of the village.

Name of the Project: Construction of Library

Social sector 2007-08

Year of sanction: 2007-08

Sector / Activity Social sector

Location: Village: Nangal Block: *Dera Baba Nanak*

Cost of the Project: Rs. 1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: A room has been constructed in the school which is maintained and used by school authorities. It was very difficult to trace the work since there are many villages with the name of *Nangal*. Complete name of village, i.e. *Dalam Nangal* should have been mentioned in the list of works.

Nature of benefits/Impact : The room constructed for library is also being used by school authorities for other purposes like, using as an office/meeting place. Assets created has benefitted the students and villagers for providing basic education.

Name of the Project: Desilting & Retaining wall of pond

Agriculture & Allied Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Agriculture & Allied Sector

Location: Village: *Miani Jhabelan* Block: *Dinanagar*

Cost of the Project: Rs. 1.68 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Two side retaining walls of the waste pond have been constructed out of which one is barely visible from the ground. There is no inflow of waste water in the waste water pond since no proper drain exists for the same.

Nature of benefits/Impact : In the absence of a drain for flow of waste water from village to waste water pond the infrastructure created is not serving any purpose. The waste water pond is like an agricultural field and a first look at the project indicates that investment has not provided any benefit. This is an example of poor planning and investment.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Bharial</i> Block: <i>Dinanagar</i>
Cost of the Project:	Rs. 3.40 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and four stand posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, a pump house and four stand posts have been constructed. The infrastructure created has provided the drinking water facility to approx. 50 families in the nearby areas. The infrastructure is being well maintained by Gram Panchayat with a monthly collection from villagers towards maintenance charges amounting to Rs.400/- per month in total.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Toor</i> Block: <i>Dinanagar</i>
Cost of the Project:	Rs. 3.40 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and four stand posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, a pump house and three stand posts have been constructed. The infrastructure created has provided the drinking water facility to approx. 150 population of in the nearby areas. The infrastructure is being well maintained by Gram Panchayat with a monthly collection from villagers towards maintenance charges.

Name of the Project: Installation of Deep Bore Well
Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Chhib Raipur</i> Block: <i>Dinanagar</i>
Cost of the Project:	Rs. 3.40 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and stand posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, a pump house and three stand posts have been constructed. The infrastructure created was defunct at the time of field visit since the pumping system was broken and has not been repaired due to lack of community initiative. The Gram Panchayat of the village is required to take initiative for repair of the same since the infrastructure has been handed over to Gram Panchayat after construction.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Mami Chak* Block: *Dinanagar*

Cost of the Project: Rs. 3.40 lakh

Implementing Department / Agency: Water Supply & Sanitation Division, Gurdaspur

Brief description of Project: Construction of deep bore well, pump house and stand posts

Nature of benefits/Impact : The deep bore well, water tank of 5000 liter capacity, pump house and three stand posts have been constructed. The infrastructure created has provided the drinking water facility to 30 families in the nearby areas. The pump house has been constructed in a *Gurudwara* premises and is being well maintained by Gram Panchayat with a monthly collection of from all families towards maintenance charges totaling to Rs.400.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Location: Village: *Munanwali* Block: *Dinanagar*

Cost of the Project: Rs. 3.97 lakh

Implementing Department / Agency: Water Supply & Sanitation Division, Gurdaspur

Brief description of Project: Construction of deep bore well, pump house and three stand posts.

Nature of benefits/Impact : The deep bore well, water tank of 5000 liter capacity, pump house and three stand posts have been constructed. The infrastructure created has provided the drinking water facility to 50 families in the nearby areas. The infrastructure is being well maintained by Gram Panchayat with a monthly collection of Rs. 10 per family towards maintenance charges.. The pump house has been constructed in a school premises.

Name of the Project: Installation of Deep Bore Well
Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Chauntra</i> Block: <i>Dorangla</i>
Cost of the Project:	Rs. 3.44 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and stand five posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, pump house and five stand posts have been constructed. The infrastructure created has provided the drinking water facility to 50 families in the nearby areas. The infrastructure has been created in a gurudwara premises and is being well maintained by Gram Panchayat with a collection from users families towards maintenance charges.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Chakri</i> Block: <i>Dorangla</i>
Cost of the Project:	Rs. 3.44 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and stand posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, pump house and stand posts have been constructed. The infrastructure created has provided the drinking water facility to 20 families in the nearby areas. The infrastructure is being well maintained by Gram Panchayat with a monthly collection by the beneficiary family towards maintenance charges.. The pump house has been constructed near to very old mosque.It had benefitted more than 375 personnel of weaker section of society.

Name of the Project: Installation of Deep Bore Well

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Tajpur</i> Block: <i>Dorangla</i>
Cost of the Project:	Rs. 3.44 lakh
Implementing Department / Agency:	Water Supply & Sanitation Division, Gurdaspur
Brief description of Project:	Construction of deep bore well, pump house and stand posts.
Nature of benefits/Impact :	The deep bore well, water tank of 5000 liter capacity, pump house and stand posts have been constructed. The infrastructure created has provided the drinking water facility to 35 families in the nearby areas. The infrastructure is functional and is being well maintained by Gram Panchayat.

Name of the Project: Construction of community centre

Social Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Niwan Dhakala</i> Block: <i>Dorangla</i>
Cost of the Project:	Rs. 1.50 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	CC carpeting has been done on the approach path and front area of community center and a part of boundary wall has been constructed.
Nature of benefits/Impact :	The work done is supporting infrastructure to the existing community center and community centre building was already existing. The infrastructure created has facilitated the visitors visiting the community centre which is being used as health centre on the village.

Name of the Project: Construction of Boundary Wall of School

Education Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Education Sector

Location: Village: *Tatle* Block: *Gurdaspur*

Cost of the Project: Rs. 2.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of boundary wall of school premises.

Nature of benefits/Impact : There was no boundary wall of existing school building. Therefore, a boundary wall has been constructed covering the entire school plot area. The boundary wall is keeping the stray animals away from school premises.

Name of the Project: Construction of Community health centre

Health Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Health Sector

Location: Village: *Ghrala* Block: *Gurdaspur*

Cost of the Project: Rs. 4.73 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of health centre in the school premises.

Nature of benefits/Impact : The health centre has been constructed in the school premises since there was separate land available with gram panchayat. The health centre building, partly, is also used for holding school classes.

Name of the Project: Additional Construction of stadium

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Babbahali* Block: *Gurdaspur*

Cost of the Project: Rs. 8.50 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of a hall, sitting place for spectators, boundary wall and ground for players in the existing stadium.

Nature of benefits/Impact : The existing stadium has been strengthened by construction sitting place for spectators, a separate hall for indoor exercise of sportsperson, boundary wall, etc. The infrastructure is useful holding sports events and is being well maintained by gram panchayat.

Name of the Project: Installation of solar light
Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Babbahali</i> Block: <i>Gurdaspur</i>
Cost of the Project:	Rs. 5.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Installation of solar lights in the village and stadium
Nature of benefits/Impact :	Solar lights have been installed in the village stadium and on the streets of the village. Discussions with villagers indicated that solar lights are functional and is a useful assets created for the villagers and are being well maintained.

Name of the Project: Installation of solar light in Fish Park, Gurdaspur

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Gurdaspur city: Block: <i>Gurdaspur</i>
Cost of the Project:	Rs. 9.50 lakh
Implementing Department / Agency:	Punjab Energy Development Agency
Brief description of Project:	Installation of solar lights in fish park in the Gurdaspur district headquarters.
Nature of benefits/Impact :	Approx. 20 solar lights have been installed in the fish park at Gurdaspur district headquarters. These solar lights are not functional since the batteries of the same have been stolen. It was observed during the field visits that the electric light poles were already installed prior to solar lights (as informed during field visit). In view of the same the additional infrastructure of solar lights does not provide any additional facility. Public/visitors inside the park inform that batteries of these solar lights were stolen within a few months of installation and since then these solar lights are defunct.

Name of the Project: Construction of community centre

Social Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Chhina Bet</i> Block: <i>Gurdaspur</i>
Cost of the Project:	Rs. 6.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of a two rooms community hall in school premises
Nature of benefits/Impact :	The community hall been constructed in the school premise. The finishing work of the building is yet to be completed, viz., installation of doors and windows and white washing, etc..Since the building is inside school premises it is difficult to be used as a community centre. Currently building is used for holding classes of school students.

Name of the Project: Construction of community centre

Social Sector: 2007-08

Year of sanction: 2007-08
Sector / Activity Social Sector
Location: Village: *Dhariwal 655* Block: *Gurdaspur*
Cost of the Project: Rs. 4.50 lakh
Implementing Department / Agency: Gram Panchayat
Brief description of Project: Construction of a community hall in school premises.
Nature of benefits/Impact : This community hall along with varanda has been constructed in the school premises since the panchayat has only this piece of land available for the same. The community hall is being used for holding school classes instead of general uses of community hall. The name of work should have been the construction of school rooms instead of construction of a community hall.

Name of the Project: Construction of Community centre

Social Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Alle Chak</i> , Block: <i>Gurdaspur</i>
Cost of the Project:	Rs.3.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of a community hall in village <i>Alle Chak</i>
Nature of benefits/Impact :	The community hall has benefitted 2000 population of the village for common functions/meetings, marriages, etc. at the time of field visit, the community hall was used for keeping electrical item regarding the change of electricity meters in the village which were being shifted from inside to outside of residences of villagers.

Name of the Project: Construction of Community centre

Social Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Social Sector

Location: Village: *Ram Nagar Chak*, Block: *Gurdaspur*

Cost of the Project: Rs.2.50 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of a community centre with one hall.

Nature of benefits/Impact : The community hall constructed in the village is being used by the youth club of the village. The youth club has set up a gymnasium which is being used by 20 village youth for training, exercise, etc. The community centre requires white washing and a verandah/shed at the entrance would have been useful.

Name of the Project: Desilting of pond and its retaining wall

Agriculture & Allied Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Agriculture & Allied Sector
Location:	Village: <i>Bopa Rai</i> , Block: <i>Kalanaur</i>
Cost of the Project:	Rs.1.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Desilting and construction of retaining wall of village of waste water pond. The maintenance is good and regularly maintained by Gram Panchayat.
Nature of benefits/Impact :	It has benefitted farmers of <i>Bopa Rai</i> village from flooding due to blockage of water in the village pond. It had also helped in increasing storing capacity of ponds. It had benefitted 250 persons of <i>Bopa Rai</i> for disposal of waste water from their houses to village pond & draining out water during rainy season. It had helped the people for keeping good health & improve the sanitation condition of the village. Desilting was also being done on the day of visit as seen in photograph.

Name of the Project: Installation of solar lights

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Bopa Rai*, Block: *Kalanaur*

Cost of the Project: Rs.1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Solar lights have been installed in the village streets. The direction of one solar light is was not towards sun which is required for recharging and was therefore defunct. Similarly one more solar light was not functioning due to poor maintenance.

Nature of benefits/Impact : The installation of solar lights have been useful for the villagers during night time especially during the power breaks. Installation of solar lights has promoted clean and green energy.

Name of the Project: Disposal of sullage water

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Dehriwal Kiran*, Block: *Kalanaur*

Cost of the Project: Rs.4.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of disposal drain from the inside of the village to waste disposal pond.

Nature of benefits/Impact : It has benefitted all of the villagers of *Dehriwal Kiran* for disposal of waste water from their houses to village pond & draining out water during rainy season. Spilling of water on the streets have also been checked by the construction of drain. It has helped the people for keeping good health & improve the sanitation condition of the village.

Name of the Project: Construction of Bridge on Kiran Nallah
Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Manepur</i> Block: <i>Kalanaur</i>
Cost of the Project:	Rs.5.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Part construction of bridge over <i>Kiran Nallah</i> with 85 feet length and 20 feet width. Only Rs.5.00 lakh has been supported by Gram Panchayat and rest of the funds has been contributed by Gram Panchayat. It was informed during field visit that more than Rs 20.00 lakh has been utilized.
Nature of benefits/Impact :	This bridge was constructed by Gram Panchayat and is well maintained by Gram Panchayat. The quality and size of the bridge is an example of capacities of Gram Panchayat. Bridge is required for the villagers to cross over the <i>nullah</i> for going to their agricultural fields and is a useful link between village <i>Manepur</i> and <i>Dostpur</i> (last border village).

Name of the Project: Construction of link road from main road to link road via Master Swaroop Singh House

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Bhikhariwal</i> Block: <i>Kalanaur</i>
Cost of the Project:	Rs.3.00 lakh
Implementing Department / Agency:	PWD (B&R), Pathankot Division
Brief description of Project:	Construction of 10 feet wide link road of 0.30 KM.
Nature of benefits/Impact :	A 10 feet wide village road of 0.3 km has been constructed. This road was completed during 2008-09 with additional assistance of Rs.0.77 lakh. The road has improved connectivity for <i>Bhikhariwal</i> village and its hamlets.

Name of the Project: Construction of link road from Bikhariwal to Bakshiwal link road along culverts

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Bakshiwal</i> Block: <i>Kalanaur</i>
Cost of the Project:	Rs.10.00 lakh
Implementing Department / Agency:	PWD (B&R), Pathankot Division
Brief description of Project:	Construction of 10 feet wide link road and a culverts from Bhikariwal to Bakshiwal link road
Nature of benefits/Impact :	The 1.5 Km road has benefitted approx.. 1500 population of <i>Bakshiwal</i> & <i>Bhikhariwa</i> villages. Small passenger-carrying vehicles could ply because of the metalled road and facilitated people to commute.

Name of the Project: Construction of Community centre

Social Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Wadala Bangar</i> , Block: <i>Kalanaur</i>
Cost of the Project:	Rs.6.50 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	A community hall has been constructed adjacent to police station.
Nature of benefits/Impact :	The community hall has benefitted a large population of village <i>Wadala Bangar</i> for common functions/ meetings, marriages, etc. However, at the time of field visit, the community hall was used by police officials for temporary stay. Community hall is well maintained.

Name of the Project: Construction of Retaining wall of pond

Agriculture & Allied Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Basau Barwan</i> , Block: <i>N J Singh</i>
Cost of the Project:	Rs.1.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of retaining wall of village waste water pond.
Nature of benefits/Impact :	The retaining wall constructed in between the village pond and the farmers field has protected the farmers field from soil erosions and falling of soil form field into the vottage pond. With time, the land inside the village pond has been filled up by garbage and vegetation.

Name of the Project: Construction of Retaining wall of bridge

Agriculture & Allied Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Social Sector
Location:	Village: <i>Begowal Taragarh Road</i> Block: <i>N J Singh</i>
Cost of the Project:	Rs.1.00 lakh
Implementing Department / Agency:	Gram Panchayat
Brief description of Project:	Construction of retaining wall on the bank of a <i>nullah</i> adjacent to the wing wall of a bridge
Nature of benefits/Impact :	The construction of the retaining wall has prevented the flooding/overflowing of water in farmers field during rainy season from the <i>nullah</i> . This retaining wall has been constructed next to the existing wing wall and is required for protection of farmers field on the other side of <i>nullah</i> .

Name of the Project: Construction of one room for Govt. primary School

Education Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Education Sector

Location: Village: *Kiri Khurd* Block: *N J Singh*

Cost of the Project: Rs. 1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of a room with 9' varanada in the elementary school.

Nature of benefits/Impact : The campus houses all levels of schools and a room along with 9' varanada has been constructed in the elementary (primary level) school under BADP 2007-08. Approx. 650 Students from villages *Jasua*, *Shariff Chak*, *Chakral*, *Bawasi Dera* & *Mehran Kalan* studies in this school.

Name of the Project: Construction of one room for Govt. primary School

Education Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Education Sector

Location: Village: *Pakho Chak* Block : *N J Singh*

Cost of the Project: Rs. 1.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Instead of a room the boundary wall and a gate of the school premises has been constructed.

Nature of benefits/Impact : Though a room was supposed to be constructed a sper sanction, but actually boundary wall and main gate of the school has been constructed. In view of the same, the name of work should have been accordingly. The boundary wall has prevented the stray animal from entering inside trhe school premises thus facilitating the studies of the students. However, there are only a few students studying in the school and most of students are going to private schools in the area.

Name of the Project: Construction of boundary wall of Govt. primary School

Education Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Education Sector

Location: Village: *Jhela Amda Gurdaspur* Block : *N J Singh*

Cost of the Project: Rs. 1.50 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Boundary wall of the school along with gate has been constructed.

Nature of benefits/Impact : The construction of boundary wall along with gate has prevented the entry of stray animals inside school premises. It has facilitated undivided attention of the students towards studies. During winters, classes are also held in the open under the sun. Approx. 100 students from *Jhela Amda* and *Darsopur* village studies in this school.

Name of the Project: Construction of boundary wall/earth filling work of Mini PHC

Health Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Health Sector

Location: Village: *Raipur Kathlour* Block : *N J Singh*

Cost of the Project: Rs. 3.00 lakh

Implementing Department / Agency: Gram Panchayat

Brief description of Project: Construction of boundary wall of Mini Public Centre and earth filling work inside the boundary wall

Nature of benefits/Impact : The Construction of boundary wall of Mini Public Centre has provided a physical coverage to the health centre thus preventing the invasion of stray animals and earth filling work inside the boundary wall has facilitated the land leveling of open ground inside thus preventing the water flooding inside and providing a clean environment.

Name of the Project: Construction of armoured spur opposite village Makhanpur to save C-land & village abadi on L/s of river Ujh

Infrastructure Sector: 2007-08

Year of sanction:	2007-08
Sector / Activity	Infrastructure Sector
Location:	Village: <i>Makhanpur</i> Block : <i>N J Singh</i>
Cost of the Project:	Rs. 11.35 lakh
Implementing Department / Agency:	Drainage Division, Gurdaspur
Brief description of Project:	Construction of an armoured spur, stones wrapped/covered with in a steel wire mesh on left side of river Ujh opposite village Makhanpur.
Nature of benefits/Impact :	This structure (armoured spur) has prevented the flooding of farmers field thereby preventing the soil erosion and thus protecting the cropped area from being washed away by river water during rainy season. It has protected the land of approximately 200 farmers from being affected by flood water and thus getting them better returns. It has stopped the progress of soil erosion and has prevented the damage to farmers field downstream.

Name of the Project: Construction of low level revetment and crated slow pitching with launching apron for safety of C land of village Makhanpur on left side of Ujh river D/s of work under construction

Infrastructure Sector: 2007-08

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Makhanpur* Block : *N J Singh*

Cost of the Project: Rs. 22.27 lakh

Implementing Department / Agency: Drainage Division, Gurdaspur

Brief description of Project: Strengthening of river bank by stone pitching with stones wrapped/covered with in a steel wire mesh on left side of river Ujh opposite village Makhanpur.

Nature of benefits/Impact : This structure (strengthening of embankment by stones wrapped in steel wire mesh) has prevented the flooding of farmers field thereby preventing the soil erosion and thus protecting the cropped area from being washed away by river water during rainy season. It has protected the land of approximately 200 farmers from being affected by flood water and thus getting them better returns.

Name of the Project: Construction of Vented pipe causeway over a Nullah crossing border track in between BOP Jaitpur and Paharipur under 171 Bn BSF

Infrastructure Sector: 2007-08

PHOTOGRAPH OF THIS WORK WAS NOT ALLOWED BY BSF DUE TO SECURITY REASONS SINCE IT IS JUST A FEW FEET AWAY FROM FENCING ON INDIA PAKISTAN BORDER

Year of sanction: 2007-08

Sector / Activity Infrastructure Sector

Location: Village: *Jaitpur* Block : *N J Singh*

Cost of the Project: Rs. 20.47 lakh

Implementing Department / Agency: PWD (B & R) Pathankot Division

Brief description of Project: Construction of vented pipe causeway with 20 meter RCC slab over a Nullah which goes to Pakistan side.

Nature of benefits/Impact : BSF officials are required to patrol the border area near fencing day and night. Due to the absence of a bridge over this nullah near 171 BSF post, BSF officials had to take a circular route to do patrolling duty which is very tough in rainy season. This structure has facilitated the BSF official to carry out the patrolling of border efficiently and effectively.
